"Put on the whole armor of God [[God's Word and Law](#)], that you may be able to stand against the wiles of the devil. For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places."

[[Ephesians 6:11-13](#), Bible, NKJV]

1. INTRODUCTION

Some of our readers have commented that it is difficult to find churches that preach  [God's Law](#) and Word to Christians in a biblically sound way that allows them to practically integrate their faith into their families and the secular aspects of their daily life. This is no accident, but one of the many casualties of creating [501\(c\)\(3\)](#) tax exempt status for churches under the I.R.C. starting in 1954 with President Lyndon Johnson. In their greed and insecurity and idolatry towards government, churches that have taken advantage of this status and had it recognized by the IRS have basically substituted the headship of Christ over their church for the headship of government. This is analyzed in [sermon 6.3](#) below entitled "Trading God for a Man".

Pastors and their flocks in present American Christianity are taught the lie that "government is good", when in fact, our political history proves the opposite. The Bible, on the other hand, refers to government as "the Beast" in [Rev. 19:19](#). Churches who have bowed down to worship Caesar in violation of the Bible have basically become incorporated businesses in partnership with the government as franchise contractors. [Subtitle A of the Internal Revenue Code](#) is the  [franchise contract](#), and it obligates no one to do anything unless they consent to become "taxpayers" by engaging in excise taxable activities. This church/government business partnership is called a " [trade or business](#)" in [26 U.S.C. §7701\(a\)\(26\)](#), and the reason that churches falsely believed they needed [501\(c\)\(3\)](#) status to begin with is because of  [government lies](#) and a deficient legal and public education system that has dumbed down the average American in the subject of law and government. The result is that most Americans and the churches they attend have become what the Soviets call "Useful Idiots" to tyrants and dictators. Churches have simply become MUCH too cozy with the government Beast, and fail to realize that in fact, Church and State have historically been competitors for the affections, worship, and obedience of the people until only very recently. This little known fact is analyzed at great length in [Great IRS Hoax, Form #11.302](#), section 4.3.5 entitled "*How government and God compete to provide 'protection'*". Congressman Ron Paul also explains this dichotomy in the article below:

-  [Texas Straight Talk, April 11, 2005](#)

In some early European countries, for example, Churches were used as a means to extend control of the state over the people and became just another branch of government, essentially. An example of this was the early Anglican Church, which was established by the English King. The King of England basically must have concluded: "If you can't beat them, then join them or buy them out with favors!" The Romans turned their political dominion during Christ's time into its equivalent later on in a slightly altered form of government called the Catholic Church.

Because of this Church idolatry towards government, most churches don't dare challenge the Golden calf that has replaced Christ called Government. Consequently, they have ceased preaching doctrine relating to any of the subjects discussed in the sermons on this page for fear of being confrontational or political. Apparently, many pastors are more concerned about scaring the sheep away or lowering tithes than they are with truth, justice, or social responsibility, which by the way are also aspects of Christ's and believers ministry. We discuss this and many

other aspects of the corruption of American Christianity in the following resources on this website:

-  [Policy Document: Corruption Within Modern Christianity, Form #08.012](#)
-  [What Pastors and Clergy Need to Know about Government and Taxation, Form #12.006](#)

As Pastor Trehwella insightfully and passionately explains in his "[Social Gospel](#)" sermon below and as revealed by the statistical studies of [George Barna](#), corrupted churches and pastors would seem to want the congregation to leave God at church while they live the remaining six days of the week in a hypocritical spiritual vacuum just like every one of their heathen hell-bound neighbors. Below are the taboo subjects that you simply won't hear fearful, government-terrorized pastors talk about:

1. Personal sovereignty and Christian liberty.
2. Separation of church and state.
3. Christian citizenship.
4. Ministry in areas other than salvation, such as teaching the church congregation how to apply God's laws to secular and political affairs.
5. Morality within government.
6. The biblical role of government in society.

This profound corruption of American Christianity over about the last 100 years has left a vacuum both of information and of fellowship for those devoted Christians who know the truth of this matter and want to learn more. Our own search for useful materials on the above subjects, for instance, have confirmed the truth these conclusions. We have therefore devoted extensive research to locate these materials and consolidate and organize them here in order to accelerate your learning. By doing so, we hope to help to properly train and equip you for the spiritual battle with government and your deceived fellow Christians as a warriors in God's righteous (but NOT self-righteous) army.

The theology on this page comes primarily from those in the [Reformed Theology](#) arena. Several pastors have expressed interest in the materials on this site and they are all from [Reformed Theology](#). You can find out more about Reformed Theology at:

1. [Institute for Reformed Theology](#)

The information appearing on this page comes usually from small, rural, isolated churches that have not yet become incorporated. The pastors are all very seasoned and we hope you will enjoy their very insightful and academic analysis, which is rare coming from the pulpits in this universally deluded day and age. Please take the time to call up and thank these wise and brave men of God who preached these wonderful sermons. They are the last bastion of hope and a candle in the almost complete darkness of our age. 2.3. POLICY DOCUMENT: CORRUPTION WITHIN MODERN CHRISTIANITY

Modern Christian churches, pastors, and parishoners are communicating and teaching false or erroneous doctrine about important and fundamental biblical concepts that clearly conflicts with the revealed word of God in the Holy Bible. These false beliefs and the deception they produce:

1. Make Christians politically irrelevant within secular society.
2. Undermine the authority of the Bible as a source of law or morality.
3. Discredit and undermine Christians and Christianity by making them look hypocritical, delusional, and [presumptuous](#).
4. Cause idolatry towards government.
5. Destroy any possibility that Christians will assert or defend the sovereignty they received from God in a legal or political context.

It is very important that Christians be informed about this deception and have to tools to fight it and fix it. You can use this document to educate yourself, your loved ones, and members of your church about the deception. Below is the link to the article from our [Forms page](#).
